Complete Garbage, Three players required to play, otherwise you can only play the quick vote. This quickly gets boring and value is just not there. Wanted to like it but went to play a buddy and couldn't because we didn't have a third player. Maybe they need to have a AI option. Not sure but until this game gets a big following or finds a weigh to not require at least three people. Then don't bother.. I'll be honest, only bought it for Christian Grey.
